EARTHQUAKE DRILL. Department of Environment and Natural Resources Region 10 (DENR 10) conducts the Nationwide Simultaneous Earthquake Drill last November 14, 2019 in Cagayan de Oro City.

The activity aimed to assess the preparedness of institutions and capabilities of the public during and after quake. It likewise served as a tool to raise the awareness of DENR 10 employees to be constantly ready for any unwanted phenomenon such as earthquake.

The drill is very essential following the consecutive strong earthquakes experienced in some part of Mindanao that destroyed infrastructures, displaced several families and claimed handful of human lives and injuries. #TayoAngKalikasan
